

Middle School Supply List

2023-2024

The middle school supply list is broken up into two categories, **Shared Class Supplies**, and **Individual Student Supplies**. In middle school, we function as a whole unit, meeting and supporting the needs of all of the 6th-8th grade students through our specialty areas, not just our designated homeroom class.

For your convenience, there is an **Amazon Wish List link** posted below for our **Shared Class Supplies**, and any purchased items can be delivered directly to the school. These purchases of shared supplies also count towards parent volunteer hours. We understand that everyone has different budgetary restrictions, therefore we are asking that you contribute as you are able and determine a fair share.

Because students rotate through our classes each day, our class sets of supplies must support 24 students at a time. The list will remain live throughout the school year and we will notify you of any changes and new support opportunities.

The **Individual Student Supply List** has a few required items, with the remaining items leaving room for personal choice. Links are provided for your convenience.

Thank you for your support. We can't wait to have your student in our classes for the 2023-24 school year!

The Middle School Teaching Team,

Erin Fitzgerald
